

The Fair Trade Foundation

Farmers and workers cannot be left alone in a climate crisis they did not cause. Climate change has a huge impact on farming communities and the commodities they grow.

Climate change is having a significant impact on banana production - the impact of climate change on banana farming has already caused banana production to decline by up to 50% in some from the regions.

Coffee farmers and workers are facing a crisis as climate change disrupts their delicate crops and takes a toll on coffee production, jeopardising the livelihoods of millions and the future of this beloved beverage.

Cocoa is a delicate crop that requires specific climatic conditions to thrive, but rising temperatures, changes in rainfall patterns, and more extreme weather events are making it increasingly difficult to grow.

Knit and Natter expands to become new Craft Group!

Some of our regular knitters are multi skilled and brought weaving and card making to our meeting last Thursday. Sarah has described an exciting project to furnish a doll's house. So we are growing not just our trusty knitters but all crafts welcome. Opportunities to learn new skills or continue with old ones. Thursday 10.30 - 12noon.

THE COTTERIDGE CHURCH STRATEGY – YOUR OPPORTUNITY TO CONTRIBUTE
The Strategy group is developing a Vision and Strategic Plan for The Cotteridge Church and wants your input. Church Members should have received an email on Thursday 18th January (or letter soon after if you are not on the email list) asking you to complete and return a questionnaire survey. You will also have received a 'Mission and Vision' paper to comment on at a meeting on Sunday 17th MARCH with a light lunch provided, or in writing if you prefer. Paper copies will be available at the Sunday Morning service on 21st and 28th January for non-members who worship with us, or any member who has not received their copy of the questionnaire and paper.
